
[Available material on tree plantations](#)

Individuals and organizations interested in obtaining information on the issue of large-scale tree plantations can access it in the WRM web page: <http://www.wrm.org.uy>. Additionally, for those who wish more in-depth information and analysis, the WRM has produced a book (Pulping the South: Industrial Tree Plantations and the Global Paper Economy), which has been published by Zed Books. Orders can be requested by sending a message to Helen Salmon .

The same book has been published in Spanish (El papel del Sur: plantaciones forestales en la estrategia papelera internacional) and can be obtained at RMALC (Red Mexicana de Acción frente al Libre Comercio).
