
[WRM web page](#)

We have recently created the WRM web page as an effort to facilitate the dissemination of the Movement's viewpoints and relevant information to a wider audience. At the same time, it is our aim to put the web page at the service of our affiliates and friends, who can use it as a means to both access relevant information and to feed it with information about their own specific concerns. We therefore request you to send us any information (in electronic format) which you wish to be included in the web site and/or to give us the address of your or other web sites which you think we should link ours to. We are of course also open to your suggestions about ways by which to improve our current service. The address is: <http://www.wrm.org.uy>
