[Podcast: Voices of resistance from women surrounded by Socfin oil palm plantations, in Sierra Leone](#)

Socfin oil palm plantation company has meant violence and oppression in several African countries. Sierra Leone is no exception. In collaboration with Aminata Finda Massaquoi, journalist and national coordinator of the women's defence network WORNAPI, WRM produced a podcast with testimonials from women who suffer from the impacts of industrial plantations.

For more information, [see this article from the WRM Bulletin](#).
